Oscar Beale

About me:

I have a strong passion for history and politics and I run my school newspaper. I have performed in every school play possible; I do these as I like trying to make people laugh.

Why I want to be a Youth Cabinet Member:

I want to put across my views and the views of all young people. All young people deserve a happy, fulfilling education and childhood and I will try my hardest, body and soul, to fulfil my promises.

My two campaign issues are:

1. Improving mental health awareness and support
2. Providing more work experience, apprenticeship opportunities and careers
