Romilly Huxley

About me:

I am a good listener so I would want to represent everybody, not just a select few. I love music reading and writing.

Why I want to be a Youth Cabinet Member:

We are the past, present and future so we need to have our voices heard.

My two campaign issues are:

1. Tackling and preventing bullying and abuse, in all forms
2. Enabling more young people to have a voice in decisions that affect them
